PhD Scientific Researcher Recruitment

The Group of Mathematical Physics of the University of Lisbon (Faculty of Sciences), Portugal (<http://gfm.cii.fc.ul.pt/en>) invites applications for a PhD Scientific Researcher Recruitment in Mathematics (**Initial Stage Researcher**) within the scope of the Portuguese Science Foundation programmatic funding UIDP/00208/2020.

The contract is expected to start on 1 st April of 2021, and will have an expected duration of 30 months.

The gross monthly salary is 2.134,73 Euros, on an exclusive regime, plus holiday and Christmas allowances, as well as food allowance in the amount and conditions set out for workers with a legal employment relationship under the Labour Code.

Admission Requirements

Portuguese nationals, foreign and stateless persons may submit applications to this selection procedure, provided they hold a doctoral degree in Mathematics or similar areas, have expertise in the field of Mathematical Physics (or associated fields), and fully comply with the following requirements:

- a) The PhD must have been granted at most in the 5 last years (counted at the end of this call).
- b) Demonstrated scientific experience in the area of Mathematical Physics or related areas.

Please note that Degrees obtained in foreign countries need a Portuguese Recognition issued by a Portuguese high degree Institution. The presentation of such Recognition is mandatory for contract signature. More information can be obtained in: <https://www.dges.gov.pt/en/pagina/degree-and-diploma-recognition>.

Application

1. The present call will be open from **24/02/2021 to 09/03/2021**.
2. The application and all the required documents may be submitted in Portuguese or English.
3. Applications will be submitted online, through the electronic platform of FCiências.ID (<http://concursos.fcencias-id.pt>).

On the electronic platform, applicants will complete a mandatory section on Personal Data [name, address, date of birth, contact email, nationality and scientific identifiers] and upload files with the documents listed below: i. Detailed curriculum vitae - mandatory; ii. A motivation letter clearly demonstrating that the candidate has an adequate profile for the position and fully complies with the Admission Requirements - mandatory; iii. Up to five publications relevant for the objectives of the Work Plan - mandatory; iv. Digital copies of documents proving formal academic

degrees (PhD) and/or other scientific and professional qualifications - original documents must be provided in case of actual recruitment- mandatory; v. Indication of two scientists to whom recommendation letters may be requested - mandatory; vi. Other documents that candidates consider relevant for the assessment of their scientific merit, or to declare the personal situation in the cases covered in section IX-2 of this Notice - optional.

The selection of candidates will be based upon scientific merit but also upon proximity of the research areas developed at the GFMUL

The jury may decide to interview the three best ranked candidates.
