

Be part of Mathematics Münster!

Dive into your own research project and benefit from the excellent research environment at the University of Münster, Germany.

Open Call:
October
2022

Doctoral Positions

Join the **Mathematics Münster Graduate School** and profit from the active and demanding research environment for talented and motivated doctoral researchers aiming to become the next generation of leading scientists.

Postdoc Positions

Establish your own research profile in our stimulating research environment amongst internationally renowned scientists and benefit from the career development opportunities to foster your scientific independence.

Young Research Groups

Collaborate for four years as a Young Research Group, consisting of two postdocs, on a joint research project relevant to the topics of Mathematics Münster. Group members are expected to apply individually for the postdoc positions and hand in a joint letter of motivation.
